E-Safety Policy

Growing together, learning together

Monitoring and Review

It is the responsibility of our governing body to agree and monitor our policies. The Curriculum and Standards Team has this responsibility, though the day to day management of it is devolved to the Head Teacher.

As with all our policies, this was developed following a period of practice and consultation before being presented for Governors' consideration.

Mission Statement

'Here at St Mary's Church of England Primary School, through our Christian values, we aspire to nurture and educate the whole child: caring for their well-being, celebrating their individual talents and abilities whilst encouraging them to become lifelong learners. It is our aim that children, parents and school staff should work together towards this end.'

Equal Opportunities

At Tickhill St Mary's School we are committed to giving all our children every opportunity to achieve the highest of standards. We acknowledge the right of every individual to be treated fairly and with respect regardless of appearance, age, race, gender identity, background, creed, attainment, ability or sexual orientation. We aim to fulfil this ideal through our policies and practice.

Christian Ethos

Tickhill St Mary's School is a Church of England School and, as such, we ensure that the Christian ethos is central to all our policies and practice.

Safeguarding Statement

St Mary's Primary School is committed to safeguarding and promoting the welfare of children and young people, and expects all staff to share this commitment.

Intent

Tickhill St Mary's works with children and families as part of its adjusted curriculum to cater to the needs of each student. The purpose of this policy statement is to:

- ensure the safety and wellbeing of children and young people is paramount when adults, young people or children are using the internet, social media or mobile devices
- provide staff and volunteers with the overarching principles that guide our approach to online safety
- ensure that, as an organisation, we operate in line with our values and within the law in terms of how we use online devices.

The policy statement applies to all staff, volunteers, children and young people and anyone involved in Tickhill St Mary's activities.

Summaries of the key legislation and guidance are available on:

We believe that:

- children and young people should never experience abuse of any kind
- children should be able to use the internet for education and personal development, but safeguards need to be in place to ensure they are kept safe at all times.

We recognise that:

- the online world provides everyone with many opportunities; however it can also present risks and challenges
- we have a duty to ensure that all children, young people and adults involved in our organisation are protected from potential harm online
- we have a responsibility to help keep children and young people safe online, whether or not they are using Tickhill St Mary's network and devices
- all children, regardless of age, disability, gender, race, religion or belief, sex or sexual orientation, have the right to equal protection from all types of harm or abuse
- working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare and in helping young people to be responsible in their approach to online safety.

Implementation

We will seek to keep children and young people safe by:

- appointing an online safety lead
- providing clear and specific directions to staff and volunteers on how to behave online through our behaviour code for adults
- supporting and encouraging the young people using our service to use the internet, social media and mobile phones in a way that keeps them safe and shows respect for others
- supporting and encouraging parents and carers to do what they can to keep their children safe online
- developing an online safety agreement for use with young people and their parents/carers
- developing clear and robust procedures to enable us to respond appropriately to any incidents of inappropriate online behaviour, whether by an adult or a child/young person
- reviewing and updating the security of our information systems regularly
- ensuring that user names, logins, email accounts and passwords are used effectively
- ensuring personal information about the adults and children who are involved in our organisation is held securely and shared only as appropriate
- ensuring that images of children, young people and families are used only after their written permission has been obtained, and only for the purpose for which consent has been given
- providing supervision, support and training for staff and volunteers about online safety
